#### **Field Visit Report**

Shri Baneshwar Shikshan Sanstha's, Arts, Science and Commerce College, Burhannagar, Ahmednagar, Department of Science Faculty has been organized a Field visit to Mahatma Phule Krishi Vidyapith, Rahuri for F.Y.B.Sc., S.Y.B.Sc. and T.Y.B.Sc. students on 05/03/2024 (Tuesday). The MPKV jurisdiction is spread over 10 districts of Western Maharashtra (Kolhapur, Sangli, Satara, Solapur, Pune, Ahmednagar, Nasik, Dhule, Nandurbar and Jalgaon). There are about 70 Students participated for tour. The Mahatma Phule Krishi Vidyapeeth (MPKV), Rahuri is the premier Agricultural University in Maharashtra that renders services to the farmers through Education, Research and Extension Education. The University has a rich heritage to its credit in the field of agricultural education and research by having its origin in the College of Agriculture, Pune. Out of nine-agro-climatic zones of Maharashtra, four agroclimatic zones *viz*; Western Ghat Zone, Sub-montane Zone, Western Maharashtra Plain Zone and Scarcity Zones fall under the jurisdiction of MPKV.

The primary aim of this field visit is to gather geographical details. Reinforcing experiential and relational learning is the key goal of conducting a field trip for students. Field trips are a way of improving learning in the classroom by creating links to the real world. Field trips introduce students to diverse lifestyles, locations and eras. Mahatma Phule Krishi Vidyapeeth, Rahuri has been the most credible source of information and farm advisory for the farmers of the region. Therefore, lakhs of farmers visit the Central Campus and other Colleges and Research Stations. The faculty and the scientists of the university guide them through the actual fields and laboratories and convince them regarding the technologies generated by the university.

Faculty of Agricultural Science is one of the faculties of the University. This faculty comprises of various 15 departments viz., Agricultural Botany, Agricultural Economics, Agricultural Engineering, Agricultural Entomology, Agricultural Extension & Communication, Agricultural Meteorology, Agronomy, Animal Husbandry and Dairy Science, Biochemistry, Food Science and Technology, Horticulture, Interfaculty Department of Irrigation Water Management, Plant Pathology and Agricultural Microbiology, Soil Science and Agricultural Chemistry and Statistics. Students visits the different departments of the University.

Students visits state level "Gene bank of mahatma Phule Krishi Vidyapeeth, Rahuri". A seed bank has a facility that stores seeds in order to maintain genetically pure variety for future generations. Typically, they are flood, bomb, and radiation-proof vaults that store seeds from various plant species. The seeds are usually stored in climate controlled, low humidity and frigid temperatures. Seed banks store seeds from various plant species, ensuring their genetic purity. These seeds act as a valuable resource for future breeding and crop improvement efforts. In

essence, seed banks serve as a type of insurance, allowing us to protect as many plant species as possible from extinction, ensuring a greener and more resilient future.

Next Students visits to "Danwantari Medicinal Garden". Main objective of visiting the medicinal garden is to make the students aware of these plants and also their medicinal and economic values, which is good for health. The aim of cultivating these plants is to preserve the extinction of some rare species. This will also be helpful to students in the future for their socio-economic growth.

Next visit was at Shanishingapur Situated in Nevasa Taluka in Ahmednagar district, the village is known for its popular temple of Shani, the Hindu god associated with the planet Saturn. The village is 35 kilometers from the city of Ahmednagar and then returning back at the college. The overall was very good.

I want to express my sincere gratitude for Principal of the college Dr.V.M. Jadhav, Chairman of science association Dr.S.G. Wagh being a source of guidance all supportive faculty members and all the students.
